Motion by Commissioner Tucker, seconded by Commissioner Ellingson to continue the voluntary foster care agreement and payment in regard to Co. # 007855 and refer to the County Attorney. Motion carried.

Motion by Commissioner Tucker, seconded by Commissioner Ellingson to approve an Administrative Agreement effective immediately with the 3rd District Court Judges for administration of Correctional Services employees, with the exception of the Director, and to implement comparable worth for Correctional Services effective October 1, 2004 as provided in the pay schedule attached to the agreement. Motion carried.

Motion by Commissioner Ellingson, seconded by Commissioner Hillier to adopt the following Electronic Funds Transfer Policy, effective December 2, 2004:

The goals for electronic fund transfers (EFT) are compliance with state and federal payment requirements, ease of use creating operational efficiencies, payments on demand, and purchase of services or investments. Any cost associated with an EFT should be carefully weighed against the benefit of wiring funds.

- Wire transfers are generated as per Letter of Agreement from the bank as to name, code, passwords, liability and authority.
- No wire transfers shall be made outside the continental United States.
- Only listed authorized employees of Mower County Treasurer functions can authorize wire transfers except those listed below. Wire transfer requests for disbursements must include departmental account coding authorization.
- Wire transfer information shall be held and retained in a secured vault.
- Security codes are changed on a random basis by the bank. Wires can only be initiated using the security code. Most wire transfers will be set up on a repetitive wire request form.
- All transfers will be recorded and confirmation must be received from the bank or money market fund accounts, currently US Bank and Cadre Consulting on the date of transfer. Confirmation receipt should also be sent/faxed/or e-mailed to an employee designee not in the Treasurer function, currently Administration staff approved for financial information data. Any single wire transfer amount in excess of \$500,000 requires pre-approval from Mower County Administration or their designee.
- Records of wire amounts, time and dates of occurrence, bank contact personnel along with transfer reference number are the responsibility of the Treasurer function to maintain and comply with retention records schedule.
- Verification of wire transfers must be received from the financial institution within five working days and bank accounts must be reconciled within 30 days after month end.
- Wire transfers can occur outside of the Treasurer function in these areas: e-mail of payroll file by payroll/administration with review by Treasurer function; e-filing of state sales and fuel tax by administration and highway departments with same day review by Treasurer function. Furthermore, Treasurer function has the ability to reverse previous mentioned transfers.
- Investment institutions need a Letter of Authorization signed by the Treasurer and either County Administration Official or a County Commissioner with wire instructions to credit Mower County's account.
- Items that wire transfers can generally be used for are: Distribution of property taxes, purchase or sale of investments, and payment of state, federal or local taxes. Special items are also approved when savings are achieved such as a purchase of electronic equipment, but must be pre-approved by Administration.

Motion carried.
