November 9, 1977

TO: Austin-Mower County Planning

FROM: County Attorney

SUBJECT: County Board of Adjustment Official Records

M.S. 394.27, Subd. 3 and County Code, Section 2-32 each provide:

----It shall adopt rules for the transaction of its
business and shall keep a public record of its
transaction, findings, and determinations.

In my opinion a tape recording is not required by law. The
minutes of the secretary including findings and orders would serve
as the public record.
