2011 Annual County Feedlot Officer Report
Supplemental Information Page
January 1, 2011 – December 31, 2011

County Name: Mower

Owner

Description and dates of information meetings provided to feedlot owners:

Assistance Goals

February 1 – Feedlot Producer Meeting – Austin Public Library – 28 attendees
February 1 – Feedlot Producer Meeting – Blooming Prairie City Hall -31 attendees
February 2 – Feedlot Producer Meeting – Zumbrota VFW – 44 attendees
March 3, 2011 – CAWT Rochester 39 attendees
March 18 – CAWT – Owatonna -54 attendees
Aug 24, Field Days – Rose Creek

Description and dates of newsletters/direct mailings sent to feedlot owners:
865 notices of the above listed producer for feedlot producer opportunities.

Description of feedlot articles placed in local newspapers: None

Other information and outreach activities not identified above:

Mower County requires an annual feedlot fee; this opportunity gives the feedlot operator to review their feedlot information or data annually and if there are any issues to contact us. Works well for properties that have recently exchanged hands and owners forgot to do the Change of Ownership.

Staffing Level and Training

Description and dates of training events attended:

I attended the annual Feedlot Training Sessions in Winona and the Delta Training in Owatonna.

Feedlot Enforcement Actions

Please describe any enforcement actions that you conducted other than letters of warning, notices of violation, and court actions. I inspected 20 feedlots this year with more than 100 animal units and less than 300 animal units. Very few of them were doing the feedlot manure testing. I did not issue them a NOV, but instead provided them with information on how to do a manure sample and provided them with labs where they could send a sample for analysis. In my letters I documented that the next time I completed an inspection; this information must be available for review.

Other Program Activities

Description and dates of meetings with local government services and producer groups. (Including SWCD and NRCS Offices, Minnesota Extension Service, Dairy Inspectors, Minnesota Pork Producers, Minnesota Dairy Association, Minnesota Cattleman's Association): Mower County participates with a group of other feedlot officers in Southern MN and in the six county area of Rice, Goodhue, Dodge, Steele, & Freeborn, we meet almost quarterly and plan for producer events and training opportunities. We are also meeting with some of our local CAWTs.

Use this space to describe any feedlot ordinance revision and/or adoption proceedings for this reporting period. None

Use this space to list any county feedlot program activities conducted during this reporting period not identified in this form. As stated for the past year, I continue to work on cleaning up and organizing the feedlot files in better shape than they were when I arrived here four years ago. We have weeded out over 150 feedlots that were on our roster that are no longer currently active or larger enough to require registration. As of 2012 – Mower County is working on a Foreign Animal Disease Plan and looking at proactive ways to approach such a situation should a break out occur. I participated in a 1-day class held at the Hormel House on February 1, 2012.
