

Hints

1. Always click “or” button to get the best results. If you do not click “or” you will not receive any tax lien searches.
2. A search result will only bring up to 100 results. If it states 100+ you will need to do a smaller search by possibly putting in a date range plus name.
3. When looking up outlots, type outlot in the lot area. Sample: outlot 2
(Do not use the “outlot” rectangle)
4. Make sure you click “clear” before you start a new search.
5. You will received a broader search if you do not put in the middle initial.
6. If you are looking up trust/banks click on the entity button.
7. Legal descriptions are verified from 1998 forward.
8. Grantor/grantee is back to 1980.
9. When looking up book/page need to click on **All** under Book type first.
10. The following subdivisions are not available for the **tract card** because they do not contain a lot.
